INFORMATION BULLETIN FY82-10

TO: ALL ILLINOIS RESELLER REGISTRANTS

The Illinois Department of Revenue has implemented an improved Taxpayer Registration System. The new system will allow the Department to become more efficient as well as provide better service to the business community. The registered reseller will now be included within the Department's Retail Occupation Tax file and as such will lose the "RC" prefix on the reseller's number.

Your new registration number appears on the enclosed Reseller Registration Certificate. Effective immediately, this number should be used on Certificates of Resale provided to your suppliers. However, any prior use of your old number will not be affected.

The assignment of the new Reseller Registration Number does not alter your current three year registration status. Reseller renewal registration will be required as it becomes due.

Any questions you have regarding your Reseller Registration should be directed to:
